PERUTUSAN PENGERUSI

Chairman's Statement

DENGAN NAMA ALLAH YANG MAHA PEMURAH LAGI MAHA PENYAYANG
IN THE NAME OF ALLAH THE MOST COMPASSIONATE, THE MOST MERCIFUL

Segala pujian bagi Allah SWT. Selawat dan salam ke atas Nabi Muhammad SAW, kaum keluarga dan sahabat-sahabat baginda.

All praises be to Allah SWT. Salutations, peace and blessings be upon our Prophet Muhammad SAW, his families and companions.

Bagi pihak Lembaga, saya dengan ini berbesar hati membentangkan Laporan Tahunan Lembaga Tabung Haji (**TH**) bagi tahun kewangan berakhir 31 Disember 2018.

Pada 2018, **TH** telah berdepan dengan krisis kewangan yang paling mencabar. Beberapa faktor yang telah menyumbang kepada krisis ini, antaranya termasuk kemerosotan pasaran modal ekuiti, kegawatan ekonomi dan kesan buruk akibat dari keputusan pelaburan yang silap yang telah dibuat sebelum ini.

Gabungan kesemua faktor ini telah menjejaskan keupayaan dan kesediaan **TH** untuk berdepan dengan semua ujian tersebut secara serentak. Faktor paling kritikal bagi **TH** adalah cabaran untuk mengekal dan mematuhi kehendak undang-undang yang berkenaan.

Alhamdulillah, langkah segera bersepadu yang diambil oleh Lembaga dan Pengurusan di samping sokongan daripada agensi-agensi Kerajaan – terutamanya Pejabat Perdana Menteri, Jabatan Perdana Menteri, Kementerian Kewangan, Kementerian Hal Ehwal Ekonomi, Bank Negara Malaysia dan Suruhanjaya Sekuriti Malaysia, telah membolehkan kami menghindari krisis kewangan lebih kritikal yang boleh terus mengganggu kesinambungan perkhidmatan **TH** kepada pihak berkepentingan dan para pendeposit.

LANGKAH-LANGKAH UTAMA YANG DIAMBIL

Langkah segera pertama yang dilaksanakan oleh Pengurusan adalah memperbetulkan Penyata Kedudukan Kewangan **TH** agar ia mematuhi peruntukan Akta Tabung Haji 1995.

Mekanisme utama yang digunakan bagi proses pemulihan adalah menggunakan Syarikat Tujuan Khas (SPV) milik penuh Kerajaan. Pada akhir tahun 2018, sekumpulan aset kurang berdaya saing dipindah milik kepada SPV. Setelah aset-aset ini diasingkan daripada kedudukan kewangan **TH**, beberapa langkah telah diambil untuk mengimbangi pelaburan dan alokasi aset bagi mencerminkan fungsi pentadbiran dana kami yang lebih baik. **TH** turut melaksanakan semakan terperinci ke atas kemungkinan berlakunya pelanggaran tadbir urus yang menyumbang kepada krisis kewangan 2018.

On behalf of the Lembaga, it is with great pleasure that I present Lembaga Tabung Haji's (**TH**) Annual Report for the financial year ended 31 December 2018.

In 2018, we faced a critical and most challenging financial crisis. Several factors contributed to the build-up of the crisis including a severe downturn of the equity capital market, difficult conditions in the real economy and adverse effects of significant errors in investment decisions previously taken.

Together these factors severely affected the capacity and readiness of **TH** to weather them all at once. Most critically was the challenge on **TH** to maintain and comply with its statutory covenants.

Alhamdulillah, the immediate action launched by the Lembaga and Management team as well as concerted assistance of key Government agencies - principally the Prime Minister's Office, Prime Minister's Department, Ministry of Finance, Ministry of Economic Affairs, Bank Negara Malaysia and Securities Commission Malaysia, we were able to avert critical financial crisis that would have caused major disruptions to the continued service of **TH** to its stakeholders and depositors.

KEY ACTIONS TAKEN

The first urgent action taken by the team was to reconstruct **TH**'s Statements of Financial Position so it complies with the provisions of the Tabung Haji Act 1995.

A key mechanism applied during the reconstruction process was the use of a Government owned Special Purpose Vehicle (SPV) company. By the end of 2018, we have transferred several underperforming assets to this SPV and once the book has been cleaned of these assets, we commenced steps to rebalance our investments and asset allocation to better reflect our fund administration function. We have also commenced a close review of possible breaches of governance which have contributed to the 2018 financial crisis.

PRESTASI KEWANGAN

Prestasi kewangan 2018 terpaksa menanggung implikasi hasil daripada langkah-langkah pembetulan yang diambil dalam usaha menyingkirkan ancaman terhadap asas kewangan kami. Keuntungan yang diperoleh pada tahun 2018 telah diguna untuk memulihkan Penyata Kedudukan Kewangan **TH** terlebih dahulu.

Alhamdulillah, walaupun langkah-langkah pemulihan kedudukan perakaunan kewangan yang ketat terpaksa diambil, **TH** masih mampu menghasilkan keuntungan sederhana dan dapat mengagihkan hibah kepada para pendeposit walaupun pada jumlah yang seadanya.

Secara keseluruhannya, selepas kejayaan Pelan Pemulihan dan Penstrukturan **TH**, prestasi kewangan **TH** kekal baik dengan pendapatan sebanyak RM4.2 bilion dan keuntungan bersih selepas zakat sebanyak RM1.6 bilion.

Walaupun **TH** berdepan cabaran sukar, kami tetap bersyukur di atas sokongan padu berterusan pendeposit dan rakan-rakan perniagaan.

MELANGKAH KE HADAPAN

Krisis kewangan yang dihadapi telah membuka ruang kepada kami untuk menilai semula secara kritikal fungsi dasar **TH** seperti yang digariskan dalam Akta Tabung Haji.

Menuju ke arah usaha ini, banyak buah fikiran dan nasihat telah kami terima daripada badan kawal selia di Jabatan Perdana Menteri dan Bank Negara Malaysia. Kami juga akan terus mendapatkan khidmat nasihat pakar dalam melaksanakan proses penilaian semula operasi haji dan pentadbiran dana.

Saya bersyukur kami telah diberikan ruang untuk menggalas tanggungjawab membuat perubahan, yang kami harap dan percaya, akan mengukuhkan lagi keazaman dan karakter **TH**.

Setiap individu di dalam **TH** telah menunjukkan kesungguhan untuk bersama-sama dalam usaha ini dan telah mempamerkan semangat berpasukan yang mengagumkan sepanjang masa.

PENGHARGAAN

Alhamdulillah sejak menyertai **TH** pada tahun 2018, saya bersyukur kerana telah menerima sokongan padu daripada semua anggota. Saya berbangga dengan komitmen yang diberikan dan mengucapkan terima kasih kepada seluruh pasukan atas kesungguhan serta dedikasi berterusan yang ditunjukkan. Semoga sinergi antara semua peringkat akan terus menjadikan **TH** cemerlang, Insya-Allah.

FINANCIAL PERFORMANCE

Financial results for 2018 had to bear the implications of the strong corrective measures taken to remove threats to our financial fundamentals. The 2018 earnings were firstly applied to restore **TH** Statements of Financial Position.

Notwithstanding the severe financial accounting actions implemented, we were still able to return a moderate profit and distribute hibah to our depositors albeit a modest amount. Alhamdulillah.

Overall, after the successful **TH** Rehabilitation and Restructuring Plan, **TH's** financial performance remains commendable with revenue of RM4.2 billion and a net profit after zakat of RM1.6 billion.

Despite the immediate difficult challenges facing by **TH**, we are gratified to note the continued support of our depositors and business partners.

MOVING FORWARD

The financial crisis has given rise for an opportunity to undertake critical review of **TH's** fundamental functions as prescribed in the Tabung Haji Act.

Towards this effort, we have received valuable inputs from our regulators at the Prime Minister's Department and Bank Negara Malaysia. We will continue to seek expert contribution in our review of hajj operation and fund administration model.

I am thankful that we have been given the space to carry out these changes which, we hope and believe, will imbue **TH** with higher resolve and strength of character.

Everyone within **TH** has shown their great desire to be united in this effort and has displayed tremendous teamwork all round.

APPRECIATION

Alhamdulillah we have received a lot of assistance and encouragement during the anxious period in mid-2018 when the new Lembaga assumed its duties at **TH**. We are especially grateful to our Prime Minister YAB Tun Dr. Mahathir for his personal guidance and counsel in assisting the new Lembaga and Management in resolving the immediate threat facing **TH** then.

ULASAN OPERASI

Operational Review

السَّلَامَةُ عَلَيْكُمْ وَرَحْمَةُ اللَّهِ وَبَرَكَاتُهُ

ASSALAMUALAIKUM WARAHMATULLAHI WABARAKATUH

Tahun 2018 merupakan tahun yang penuh dengan peristiwa tetapi mencabar buat **TH**.

Dengan limpah kurnia dan rahmat dari Allah SWT, kami telah berjaya melaksanakan peralihan yang agak lancar ke arah menjadikan **TH** lebih telus, teguh dan mampan, Insyaa-Allah.

Matlamat utamanya adalah agar fokus **TH** terarah kepada penekanan terhadap perkhidmatan lebih baik untuk jemaah haji dan masyarakat secara amnya, serta mengurus amanah besar para pendeposit dalam mengurus dana haji.

PENSTRUKTURAN SEMULA KEDUDUKAN KEWANGAN

Apabila di ambil kira kesemua faktor yang ada semasa tempoh penilaian dan keputusan sukar yang telah diambil bagi mempamerkan kedudukan **TH** yang lebih berdaya tahan, keputusan kewangan tahun ini sebenarnya menggalakkan.

Menjelang penghujung tahun 2018, **TH** telah berjaya memindahkan kesemua aset kurang berdaya saing kepada Syarikat Tujuan Khas (SPV) yang dimiliki sepenuhnya oleh Kerajaan Malaysia, dengan nilai pindahan sebanyak RM19.9 bilion. Ini adalah berikutan Pelan Pemulihan dan Penstrukturan Semula **TH** yang telah diluluskan oleh Kabinet pada 7 Disember 2018. Kerajaan turut menunjukkan komitmen dengan peruntukan sebanyak RM500 juta bagi tahun 2020 dan RM1.73 bilion selanjutnya setiap tahun sehingga keseluruhan Sukuk ditebus.

Lanjutan dari itu, **TH** telah mencatatkan keuntungan bersih selepas zakat sebanyak RM1.6 bilion bagi tahun 2018, menyaksikan pengurangan sebanyak RM1.8 bilion (53 peratus) berbanding tahun lalu. Prestasi kewangan tahun ini dicapai setelah **TH** merekodkan perbelanjaan bukan operasi yang besar iaitu rosot nilai, hapus kira dan pelarasan nilai saksama serta kerugian kredit yang dijangka ke atas aset-aset **TH**, berjumlah RM1.5 bilion berbanding hanya RM140 juta dalam tahun 2017, setelah mengambilkira rosot nilai yang ketara ke atas pelaburan dalam anak syarikat, syarikat bersekutu dan entiti usahasama berdasarkan piawaian Pelaporan Kewangan Malaysia 136 (MFRS 136) dan kerugian nilai saksama ke atas pelaburan hartanah di bawah MFRS 140.

Memindah aset-aset kurang berdaya saing adalah langkah sewajarnya yang perlu diambil **TH** kerana dengan pemindahan aset-aset tersebut kepada SPV, jumlah nilai aset-aset dipulihkan semula dan sebarang kemerosotan nilai pasaran aset yang telah dipindah tidak akan terus mempengaruhi prestasi **TH** di masa akan datang.

Year 2018 had been a vibrant yet challenging year for **TH**.

With Allah SWT's grace and guidance, we were able to chart a relatively smooth transition towards more transparency and Insyaa-Allah a stronger, more robust and sustainable **TH**.

The aim is for **TH** to bring itself into a better focus, to give emphasis on better services to the pilgrims and community at large and to manage the considerable trust of our depositors' pilgrimage funds.

RESTRUCTURING OUR FINANCIAL POSITION

When we consider the variables that were put before us during the review period and tough decisions made to showcase a more resilient **TH**, the result for this year is relatively encouraging.

By the end of 2018, **TH** had successfully transferred all of its underperforming assets to a Special Purpose Vehicle ("SPV") fully owned by Government of Malaysia with the transfer value amounting to RM19.9 billion. This is pursuant to the **TH** Rehabilitation and Restructuring Plan approved by the Cabinet on 7 December 2018. The Government also shows its commitment by allocating RM500 million in 2020 and subsequently RM1.73 billion per year until all the Sukuk is redeemed.

Subsequently, **TH** posted a net profit after zakat of RM1.6 billion for the year 2018, witnessing a decrease of RM1.8 billion (53 percent) as compared to the last year. The current year's performance was after posting a hefty non-operating expenses on impairment, write-off and fair value adjustment and expected credit losses of **TH** assets amounting to RM1.5 billion as compared to only RM140 million in 2017 mainly due to recognition of significant impairment loss on investment in subsidiaries, associates and jointly controlled entities under Malaysian Financial Reporting Standards 136 (MFRS 136) and fair value loss on investment properties under MFRS 140.

It was only prudent for **TH** to transfer the underperforming assets because by successfully transferring them to the SPV, the total assets value is normalised and any further deterioration of the transferred asset market value will not continue to affect **TH** future performance.

Bayaran hibah sebanyak 1.25 peratus bagi 2018 merupakan petunjuk yang jelas kepada pendeposit bahawa **TH** komited untuk mencapai pertumbuhan tulen dan mampan. Akta Tabung Haji telah menyatakan secara jelas mengenai hibah dan kami bersyukur ia telah termaktub di dalam akta untuk melindungi kepentingan pendeposit dan memastikan kelestarian **TH** dalam jangka panjang.

Melangkah ke hadapan, komitmen **TH** terhadap ketelusan dan tadbir urus korporat yang baik akan diterjemahkan di dalam setiap apa yang kami lakukan, dari segi kewangan sehingga ke pengurusan haji.

MEMPERTINGKATKAN OPERASI HAJI, MENAMBAHBAIK KESELESAAN JEMAAH

Alhamdulillah, Operasi Haji **TH** berjalan lancar pada tahun 2018. Kami telah berusaha keras menggembelng tenaga bagi memastikan operasi haji terus efisien dengan pengenalan beberapa inovasi baharu demi keselesaan jemaah.

Kompleks Haji yang baharu di Sepang membuktikan usaha kami untuk menambah keselesaan dan kemudahan kepada jemaah sebelum berangkat ke Tanah Suci. Kompleks baharu ini menyediakan ruang lebih besar dengan kemudahan yang lebih baik, di samping kedudukannya yang berhampiran dengan Lapangan Terbang Antarabangsa Kuala Lumpur (KLIA) dapat mengurangkan masa perjalanan ke lapangan terbang.

Selain itu, tempoh masa menunggu Jemaah haji juga dipendekkan dari 6 jam kepada 1 jam setelah tiba di Lapangan Terbang Jeddah/Madinah hasil daripada pelaksanaan penuh inisiatif Pra-Perlepasan Imigresen Saudi. Kami amat berterima kasih kepada Kerajaan Saudi kerana telah memberi penghormatan kepada Malaysia sebagai negara pertama yang memperoleh manfaat daripada projek perintis yang inovatif ini.

Selain itu, kenderaan **TH** Komuniti terus mendapat sambutan pada 2018 dengan lebih 800 kawasan pedalaman dijelajahi untuk memberi kemudahan kepada pendeposit membuat transaksi dengan **TH**. Pada penghujung 2018, **TH** merekodkan jumlah pendeposit seramai 9.2 juta dengan 456 ribu pendeposit baharu. Ini menunjukkan sokongan padu dan kepercayaan masyarakat Islam Malaysia terhadap **TH** dalam mengurus akaun simpanan haji mereka.

The hibah payment of 1.25 % for 2018 was also a clear indication to our depositors that **TH** is committed in achieving genuine growth and sustainability. The simple solid rule about hibah is stated in the Tabung Haji Act and we are grateful that it is there to protect depositor's interest and to ensure **TH's** long-term sustainability.

Moving forward, **TH's** commitment to transparency and good corporate governance will be reflected in everything that we do, from financial to hajj management.

ENHANCING HAJJ OPERATIONS, IMPROVING PILGRIMS' CONVENIENCE

Alhamdulillah, **TH's** hajj operations went smoothly in 2018. We have been putting a lot of effort to ensure the hajj operations are managed efficiently by introducing new innovative approaches for pilgrims' convenience.

The new Hajj Complex in Sepang is the showcase of our efforts in adding comfort and ease for pilgrims before departing to the Holy Land. The new complex provides more spaces and better facilities while its close proximity to the airport has significantly reduced the transit time to the Kuala Lumpur International Airport (KLIA).

Apart from moving the operations and logistics centre to the new Hajj Complex, the year under review also witnessed the full-fledged implementation of the Saudi Immigration Pre-Clearance initiative, which significantly shortened their waiting time from 6 hours to 1 hour upon arrival at the Jeddah/Madinah airports. We are thankful to the Saudi Government for giving Malaysia the honour of being the first country to reap the benefits of this innovative pilot project.

Meanwhile, the **TH** Community vehicle continues to be well received in 2018, with more than 800 rural areas covered in providing depositors the convenience to perform transactions with **TH**. **TH** recorded a total of 9.2 million depositors with 456 thousand new depositors at the end of December 2018. This shows that **TH** continues to receive strong support and trust from Malaysian Muslims to continue managing their hajj savings.

MENGURUS PRESTASI KUMPULAN

2018 adalah tahun yang sangat mencabar bagi Kumpulan, namun prospek bagi tahun 2019 kelihatan lebih cerah.

Alokasi Aset Strategik (SAA) **TH** telah dikaji semula dan diperkukuhkan sejajar dengan selera risiko **TH** di samping lebih fokus kepada model pendapatan berulang melalui instrumen kewangan yang mempunyai kedudukan kredit kukuh. Pelaburan **TH** juga akan didasarkan kepada pendedahan risiko yang seimbang yang menjamin pulangan menggalakkan, di samping meletakkan kepentingan pendeposit sebagai keutamaan. Untuk sementara waktu, SAA baharu akan mengimbangi semula pengurusan aset **TH** berdasarkan kelas aset bagi menghasilkan pendapatan stabil di samping mengekalkan kadar pulangan yang boleh diterima.

Tambahan kepada itu, polisi pengurusan risiko yang lebih kukuh turut diperkenalkan seperti polisi mengurangkan kerugian yang akan meminimumkan risiko dalam pelaburan ekuiti kurang berdaya saing.

Selain itu, sektor kewangan Islam kami melalui BIMB Holdings Berhad telah membuktikan bahawa kunci untuk berdaya maju adalah untuk menerima transformasi dan perubahan persekitaran. Menerima cabaran perkembangan pesat industri Kewangan dan Perbankan Islam telah membolehkan BIMB Holdings Berhad bergerak ke hadapan mengikut haluan betul dan membolehkan penerokaan inovatif lain.

Sementara itu, strategi jangka panjang Kumpulan Hartanah **TH** telah terbukti berkesan dan hasilnya, Sektor Pembangunan dan Pembinaan Hartanah telah merekodkan prestasi kewangan membanggakan bagi tahun 2018, walaupun pasaran hartanah dan ekonomi global meleset. Sumbangan kepada Kumpulan telah dilaksanakan dengan mempelbagaikan sumber pendapatan melalui peluasan ke dalam pasaran pembangunan hartanah global dan meningkatkan perniagaan pengurusan fasiliti dan hartanah sedia ada.

Cabaran terbesar **TH** dalam 2018 adalah memacu Sektor Perladangan dalam mengharungi pelbagai cabaran. Kempen negatif yang berterusan di Eropah terhadap kelapa sawit telah menyumbang kepada pengurangan permintaan dan penurunan harga bagi Minyak Sawit Mentah (CPO) ditambah pula dengan jumlah hasil tuaian Tandan Buah Segar (FFB) yang berkurangan secara ketara. Sebagai sebahagian daripada strategi rasionalisasi **TH**, aset perladangan kurang berdaya saing telah dikenal pasti dan dipindahkan kepada SPV demi melindungi Kumpulan daripada isu yang dihadapi dalam industri.

Sementara itu, kekuatan **TH** Travel and Services Sdn. Bhd. sebagai peneraju pakej perjalanan Islam antarabangsa telah banyak menyumbang kepada keuntungan Sektor Hospitaliti **TH**.

MANAGING GROUP PERFORMANCE

While 2018 was a very challenging year for the Group, prospects for 2019 appears to be brighter.

TH's Strategic Asset Allocation (SAA) has been revised and improved to appropriately reflect **TH's** risk-appetite while focusing on a recurring-income model via financial instruments with strong credit standing. **TH's** investment will also be based on a balanced risk exposure that ensures favourable returns, while placing depositors' interest as top priority. The new SAA will rebalance **TH's** asset management in the interim towards asset classes delivering stable income while maintaining acceptable yield.

In addition to that, a more robust risk management policy has been introduced such as a cut-loss policy which will minimize the downside risk of under-performing equity investments.

Moreover, our Islamic Finance Sector via BIMB Holdings Berhad has made it evident that accepting the environment of change and transformation is the key to remain resilient. Embracing the fast-evolving Islamic Banking and Finance industry as a challenge has allowed BIMB Holdings Berhad to move forward to the next trajectory and explore other innovative solutions.

Meanwhile, long-term strategies laid out by **TH** Properties Group have soundly proven and as a result, the Property Development and Construction Sector has recorded a commendable financial performance for 2018, despite the downturn of the global economy and property market. Diversifying sources of income by expanding into the global property development market and building up its properties and facilities management business has contributed to the Group.

The biggest task for 2018 was steering the Plantation sector through multiple compounding challenges. While persistent negative campaigning in Europe against palm oil could have contributed to lower demand for Crude Palm Oil (CPO) and sliding prices, the situation was compounded by noticeably lower total harvest of Fresh Fruit Bunches (FFB). As part of **TH's** strategic rationalisation exercise, long term gestation period for plantation assets were identified and transferred to the SPV to shelter the rest of the Group from the continuing issues within the industry.

Meanwhile, the strength of **TH** Travel and Services Sdn. Bhd. as the leader in international Islamic travel package providers has contributed handsomely to the profitability of **TH** Hospitality Sector.

Sektor Teknologi Maklumat dan Komunikasi, melalui Theta Edge Group terus terbabit dalam menyediakan perkhidmatan kejuruteraan telekomunikasi termasuk pemasangan gentian, operasi dan kerja-kerja penyelenggaraan.

MENYUMBANG SEMULA KEPADA MASYARAKAT

Alhamdulillah, dengan sukacitanya kami melaporkan kejayaan **TH** menyumbang semula kepada masyarakat dan tahun lalu, pelbagai usaha Tanggungjawab Sosial Korporat (CSR) telah dilaksanakan, tertumpu kepada haji, pendidikan, keusahawanan dan kebajikan masyarakat.

Tanggungjawab Kos Haji kekal sebagai usaha CSR kami yang terbesar dan penting, mewakili misi utama kami untuk membantu pendeposit dalam usaha mereka menunaikan ibadah haji dan mendapat haji yang mabrur. Tanggungan Kos Haji hanya diberikan kepada Jemaah Muassasah kali pertama menunaikan haji.

Sungguhpun kos menunaikan haji telah meningkat kepada RM22,450 setiap jemaah dalam tahun 2018 berbanding RM19,550 dalam tahun 2017, setiap jemaah hanya membayar RM9,980 dengan tanggungan oleh **TH** sebanyak RM12,470 setiap seorang. Bagi musim haji 1439H/2018M, tanggungan kos haji oleh **TH** berjumlah RM313 juta, di samping itu **TH** juga menyediakan perkhidmatan nilai tambah lain seperti penganjuran kursus-kursus haji seluruh negara, kos ubat-ubatan, khidmat kesihatan, khidmat kewangan, bimbingan ibadat dan sebagainya yang diberikan tanpa kos kepada jemaah haji.

Pada tahun 2018, **TH** melaksanakan pelbagai CSR seperti Program Ikhtiar, Program Mobiliti dan bayaran zakat di seluruh negara.

Kami terus melabur di dalam modal insan yang merupakan aset terpenting dengan menyediakan latihan dan program pembangunan kerjaya secara berterusan. Ini termasuk program latihan dalaman dan program pembinaan pasukan jabatan yang direka untuk membangunkan kemahiran antara perorangan, kesejahteraan rohani dan kecekapan teknikal. Selain itu, penekanan turut diberikan kepada persekitaran tempat kerja yang sihat untuk meningkatkan kesejahteraan dan produktiviti anggota.

MEMANDANG KE HADAPAN

Walaupun keadaan tidak menentu, kami bersyukur ke hadrat Allah SWT atas kekuatan untuk bangkit menghadapi cabaran dan terus memberi perkhidmatan terbaik kepada pendeposit dan jemaah haji.

Pada tahun 2018, **TH** telah menjalankan kajian terperinci ke atas asas-asas dan kaedah beroperasi agar ia selari dengan mandat teras **TH**. Dengan itu, Blok Binaan Strategik **TH** yang baharu bagi tahun 2019 – 2020 telah diperkenalkan. Blok Binaan Strategik ini mengandungi lima bidang fokus utama iaitu disiplin pengurusan kos, penjana pendapatan mampan, pengurusan berhemat, kecemerlangan perkhidmatan dan memacu sinergi perniagaan.

Our Information and Communication Technology Sector through Theta Edge Group continued to be involved in the provision of telecommunication engineering services which comprises fiberisation, operations and maintenance works.

GIVING BACK TO THE COMMUNITY

Alhamdulillah, we are pleased to report that we are able to continue giving back to the community and in the past year, **TH** had implemented various Corporate Social Responsibility (CSR) efforts focusing on haji, education, entrepreneurship and community welfare.

Haji Financial Support remains as the biggest and most important CSR effort, representing our main mission to help facilitate depositors' efforts in fulfilling their pilgrimage and obtaining a mabrur haji. The Haji Financial Support is given to first-time pilgrims under the Muassasah.

Although the cost of haji increased to RM22,450 for each pilgrim in year 2018, compared to RM19,550 in year 2017, the pilgrims continue to pay only RM9,980 while **TH** financially supports each to the tune of RM12,470. For the Hajj Season of 1439H/2018M, **TH** total financial support was RM313 million and **TH** also provides other value-added services such as the haji courses held nationwide, the cost of medicines, health and financial services, guidance and others which are given at no cost to haji pilgrims.

TH launched various CSR programmes in the year 2018 such as Ikhtiar, Mobiliti and zakat payment all over the country.

We are continuously investing in our greatest asset, our workforce, by providing continuous training and career development programmes. These include internal training programmes as well as departmental teambuilding programmes, which are designed to develop their interpersonal skills, spiritual well-being and technical competencies. Apart from that, we always emphasize on the importance of a healthy workplace environment to enhance staff's well-being and productivity.

LOOKING AHEAD

Despite the uncertain circumstances, we are grateful that Allah SWT has granted us the strength to rise to the challenges and continue to provide the best services to depositors and haji pilgrims.

In 2018, **TH** has gone through rigorous reviews of our fundamentals and how we operate in order to realign them with **TH's** core mandates. With that, **TH's** new Strategic Building Blocks for 2019 – 2020 is introduced. The Strategic Building Blocks consist of five key focus areas, which are cost management discipline, sustainable income generation, prudent management, service excellence and driving business synergies.

ULASAN OPERASI | Operational Review

Bagi memastikan kelestarian berterusan di samping memberikan perkhidmatan terbaik kepada pihak berkepentingan, **TH** telah memperkenalkan polisi hibah yang berhemat iaitu Rizab Penyamaan Hibah (HER) dengan tujuan untuk menyimpan sejumlah keuntungan sebagai rizab untuk kegunaan masa hadapan.

Selain itu, pengumuman keputusan suku tahunan **TH** akan memberi lebih ketelusan kepada pendeposit dan pihak berkepentingan lain.

Sebagai sebahagian daripada pelan penstrukturan semula, **TH** akan berada di bawah pengawasan Bank Negara Malaysia sebagai sebahagian daripada usaha untuk memenangi semula kepercayaan pendeposit.

Dalam merasionalisasikan perbelanjaan, **TH** akan melaksanakan proses secara holistik termasuk menilai semula kos Perkhidmatan dan Operasi Haji serta merangka program tanggungan kos haji yang lebih mampan. Kami sedang mengkaji semula kos Operasi Haji bagi mengoptimumkan perbelanjaan, disamping terus memberikan perkhidmatan yang cemerlang dan boleh dipercayai kepada jemaah.

Faedah yang diperoleh daripada sinergi kumpulan juga penting, kerana ia akan diterjemahkan ke arah penambahbaikan kualiti perkhidmatan secara keseluruhannya. Dalam erti kata lain, sinergi perniagaan akan membantu **TH** untuk mencapai kecemerlangan perkhidmatan dengan mengoptimumkan penggunaan sumber sedia ada, seperti operasi cawangan **TH** yang luas di seluruh negara dan jumlah pendeposit yang besar yang seramai 9.2 juta orang. Pengurangan kos dapat dilaksanakan lagi melalui pelbagai inisiatif seperti memanfaatkan rantaian nilai dengan proses perolehan berpusat, pemasaran bersilang dan pelaksanaan aktiviti Tanggungjawab Sosial Korporat (CSR) Kumpulan.

Selain dari itu, **TH** kini sedang bergerak ke arah peningkatan digitalisasi dan salah satu daripada usaha terkini adalah termasuk memansuhkan penggunaan buku akaun simpanan dan memerlukan hanya nombor kad pengenalan untuk tujuan aktiviti berkaitan pendeposit, seperti memeriksa baki simpanan dan membuat pengeluaran. Pendigitalan operasi **TH** dapat mengurangkan kos, meningkatkan kecekapan; dan merupakan cara yang seharusnya akan datang.

Semua ini bukanlah tugas yang mudah, namun suatu keperluan dan berbaloi demi memacu transformasi bagi memastikan **TH** kekal sebagai tonggak penting dalam masyarakat Islam di Malaysia.

In order to ensure continuous sustainability while providing the best service to our stakeholders, **TH** has introduced a prudent hibah policy with the establishment of the Hibah Equalisation Reserve (HER) with the view to set aside a certain amount of profit on reserve for the future.

Moreover, the **TH** quarterly result announcements will provide further transparency to our depositors and other stakeholders.

In addition to that, as part of the restructuring plan, **TH** will be under Bank Negara Malaysia's oversight as part of efforts to win back the depositors' trust.

With regards to rationalizing costs, **TH** will perform a holistic process which includes examining the costs of Hajj Service and Operations and drawing up a more sustainable Hajj Financial Support programme. We are reviewing the Hajj Operational Cost to optimize expenses while continuously providing reliable and excellent services to pilgrims.

Cost benefits derived from group-wide synergies is also essential, as it shall translate into overall service quality improvements. In other words, business synergies will help **TH** achieve service excellence through optimizing and utilizing **TH's** existing resources, such as **TH's** extensive nation-wide branch operations and large depositor pool of 9.2 million depositors. Costs can be further reduced through various initiatives, such as leveraging the value chain with a centralized procurement process, cross marketing, and performing group-wide Corporate Social Responsibility (CSR) activities.

Additionally, **TH** is now moving towards increased digitalization, and one of the most recent efforts include going pass-bookless, which is eliminating the need for account books, and requiring only the depositors' identification card number to proceed with account-related activities such as balance checking and withdrawals. The digitalisation of **TH** operations reduces costs, increases efficiency, and is definitely the way to go.

These are not easy tasks but they are worthwhile and necessary in order to drive further transformations that ensures that **TH** will remain as an important pillar of the Muslim community in Malaysia.

PENGHARGAAN

Alhamdulillah sejak menyertai **TH** pada tahun 2018, saya bersyukur kerana telah menerima sokongan padu daripada semua anggota. Saya berbangga dengan komitmen yang diberikan dan mengucapkan terima kasih kepada seluruh pasukan atas kesungguhan serta dedikasi berterusan yang ditunjukkan. Semoga sinergi antara semua peringkat akan terus menjadikan **TH** cemerlang, Insha-Allah.

Salam Hormat.

PENSTRUKTURAN DAN PEMULIHAN KEWANGAN TH

Financial Restructuring and Rehabilitation of TH

Situasi ekonomi Malaysia terus mencabar pada tahun 2018 dan memberi kesan kepada pelaburan TH di dalam ekuiti dan harta tanah. Prestasi bursa tempatan juga agak ketinggalan sejak lima tahun kebelakangan berbanding rakan serantau dan global. Ini mengakibatkan prestasi tidak memberangsangkan kepada syarikat tersenarai yang turut menyeret turun prestasi keseluruhan indeks sektoral berkaitan.

Sehingga 28 Disember 2018, pelaburan TH amat terdedah kepada pasaran ekuiti tempatan dengan hampir 40 peratus aset TH dilaburkan dalam sektor utama seperti perladangan, minyak & gas, pembinaan, hartanah dan telekomunikasi. Menjelang akhir Oktober 2018, sebahagian besar (30 peratus) daripada pelaburan-pelaburan ini telah mengalami kerugian belum realisasi melebihi 50 peratus daripada nilai pelaburan asalnya.

TH turut terjejas dengan pasaran hartanah semasa yang mencabar mengakibatkan hasil hartanah kurang daripada 2 peratus. Penganalisis meramalkan bahawa pasaran hartanah akan melalui satu lagi stagnasi sebelum pemulihan yang lebih bermakna dalam satu hingga dua tahun dari sekarang.

Kerugian dalam pelaburan dan rosot nilai tinggi yang direkodkan oleh TH berikutan pelaburan dalam ekuiti dan hartanah telah mengakibatkan aset TH mengalami defisit. Defisit aset TH dijangka berterusan atau lebih teruk sekiranya tiada tindakan serta-merta diambil. Bagi menangani situasi ini, TH telah mengkaji semula portfolio pelaburan dan kedudukan kewangan yang membawa kepada pelaksanaan aktiviti penstrukturan semula dan pemulihan aset.

Bersama-sama dengan Pejabat Perdana Menteri, Kementerian Kewangan dan BNM, TH telah merumuskan Pelan Pemulihan dan Penstrukturan Semula yang mengambil kira objektif-objektif berikut:-

1. Tiada defisit di antara nilai aset dan nilai liabiliti; dan
2. Pengasingan aset-aset bermasalah dan pulangan yang rendah

Untuk menangani defisit aset yang semakin meningkat dan memulihkan kedudukan kewangan TH, aset tidak menguntungkan yang telah dikenal pasti perlu dipindahkan ke sebuah entiti luar di bawah Pelan Pemulihan dan Penstrukturan Semula TH.

Pada bulan Disember 2018, Kabinet telah meluluskan Pelan Pemulihan dan Penstrukturan Semula TH dan ia telah dibentangkan kepada Parlimen. Pelan tersebut merangkumi penubuhan Urusharta Jamaah Sdn. Bhd. sebagai sebuah syarikat tujuan khas (SPV), untuk memperoleh aset-aset TH yang mengalami kerugian akibat keadaan pasaran semasa serta aset-aset berhasi rendah. Aset-aset tersebut merangkumi saham tersenarai, hartanah dan syarikat tidak tersenarai. Kriteria bagi aset-aset tersebut adalah seperti berikut:

Malaysia's continued challenging economic condition in 2018 affected TH's investments in equities and real estate properties. The performance of the local bourse over the past five years lagged behind global and regional peers. This had resulted in the poor performance of listed companies, which dragged down the overall performance of relevant sectoral indices.

Up until 28 December 2018, TH was heavily exposed to the local equity market, with nearly 40 percent of TH's assets deployed into the domestic listed equities, with significant exposure in key sectors namely plantation, oil & gas, construction, property and telecommunication. By the end of October 2018, a significant portion (30 percent) of these investments had suffered unrealised losses that exceeded 50 percent of their original investment value.

TH was also affected by the current challenging property market which led to properties generating low yield of less than 2 percent. The analysis foresees that the property market will go through another year of further stagnation before a meaningful recovery in one to two years from now.

The loss in investment and high impairment recorded by TH pursuant to its investment in equities and properties has resulted in TH's asset deficit. This deficit was expected to continue or even worsen if no immediate action was taken. Therefore, in dealing with this situation, TH had embarked on an exercise to review the investment portfolio and financial position, which had resulted in the subsequent asset restructuring and rehabilitation exercise.

TH, together with the Prime Minister's Office, the Ministry of Finance and BNM, have formulated the TH Restructuring and Rehabilitation Plan which had the following objectives: -

1. There is no deficit between the value of the asset and the value of the liability; and
2. Isolation of problematic and low yielding assets

In order to address the growing asset deficit and to restore TH's financial position, identified non performing asset will need to be transferred out to an external entity under TH Restructuring and Rehabilitation Plan.

In December 2018, the Cabinet approved TH Restructuring and Rehabilitation Plan and it was presented to the Parliament. The plan involved the formation of the Special Purpose Vehicle ("SPV"), Urusharta Jamaah Sdn Bhd, to acquire the assets of TH which suffered from loss due to current market conditions as well as low-yielding assets. The assets consisted of listed stocks, properties and unlisted companies. The key criteria of the transferred assets are as follows:

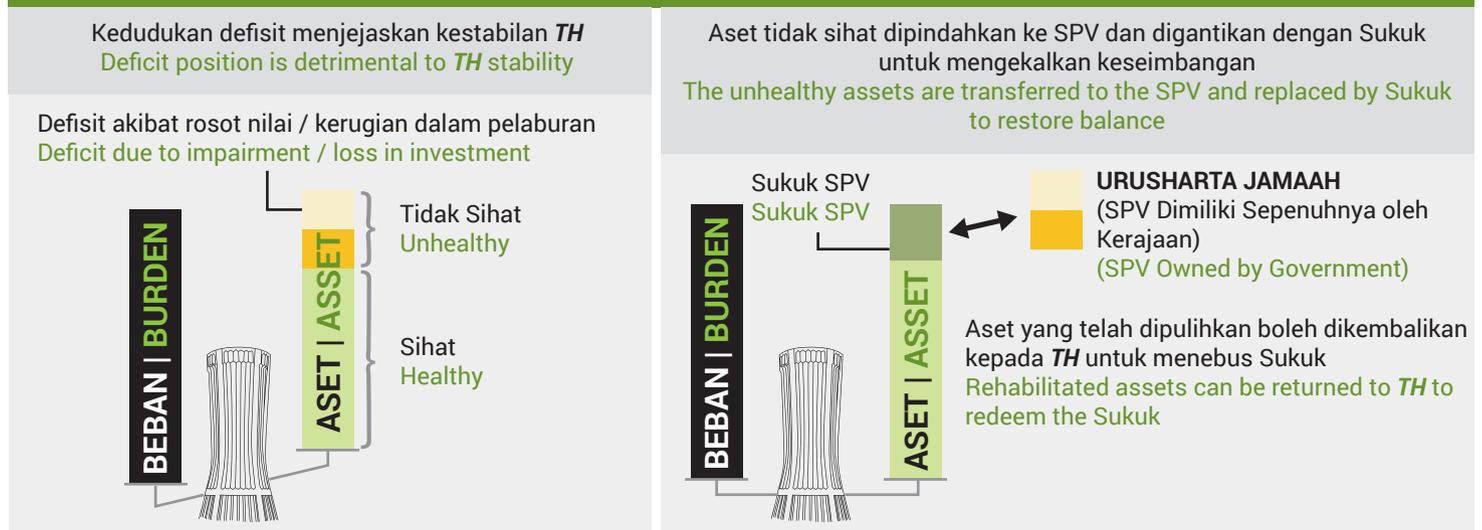

1. Saham tersenarai dan syarikat tidak tersenarai – kerugian belum realis melebihi 20 peratus atau dengan rosot nilai yang ketara.
2. Hartanah dan tanah – hasil yang dijana kurang daripada 2 peratus setahun.

SPV tersebut dimiliki sepenuhnya oleh Kerajaan bagi memberi keyakinan dan kebolehpercayaan kepada instrumen yang diterbitkan oleh SPV sebagai pertimbangan jualan kepada TH. SPV tersebut bertanggungjawab untuk mengoptimalkan pemulihan daripada aset yang dipindahkan melalui proses penjualan apabila pasaran modal dan kewangan telah pulih.

1. Listed stocks and unlisted company – Unrealised losses greater than 20 percent or significant impairment.
2. Properties and lands – Generated yield less than 2 percent per annum.

The SPV is fully-owned by the Government in order to provide confidence and credibility to the instruments issued by the SPV as sale consideration to TH. The SPV is responsible for optimising recovery from the transferred assets through sale process when capital and financial markets recover.

PENSTRUKTURAN DAN PEMULIHAN KEWANGAN TH

Financial Restructuring and Rehabilitation of TH

Pada 27 Disember 2018, TH telah memindahkan 106 ekuiti tersenarai domestik, 1 syarikat perladangan tidak tersenarai dan 29 hartanah dan tanah kepada SPV. Sebagai balasan kepada pemindahan aset-aset tersebut, SPV telah menerbitkan Sukuk berjumlah RM19.6 bilion dan baki pertimbangan jualan sebanyak RM300 juta dibayar secara tunai kepada TH.

On 27 December 2018, TH had transferred 106 listed domestic equities, 1 unlisted plantation equity and 29 properties and lands to the SPV. In consideration of the transfer of those assets, the SPV has issued Sukuk totalling RM19.6 billion and the balance of the sale consideration of RM300 million made via cash payments to TH.

Sukuk berkenaan dilanggan oleh TH pada 30 Mei 2019 dan dibahagikan kepada 2 siri:

2. RM9.6 bilion Sukuk kupon sifar (nilai nominal sebanyak RM14.3 bilion) bagi tempoh 10 tahun dengan hasil kematangan 4.10 peratus (Sukuk Siri 2).

Bagi menyokong Pelan Pemulihan dan Penstrukturan Semula TH, Kerajaan komited untuk memperuntukkan dana sebanyak RM500 juta dalam tahun 2020 dan RM1.73 bilion setiap tahun bermula 2021 dan seterusnya kepada SPV bagi tujuan bayaran balik Sukuk tersebut.

The Sukuk was subscribed by TH on 30 May 2019 and is divided into two (2) series:

1. RM10.0 bilion zero coupon Sukuk (nominal value of RM13.2 bilion) over a seven (7)-year period with yield-to-maturity of 4.05 percent (Sukuk Series 1); and
2. RM9.6 bilion zero coupon Sukuk (nominal value of RM14.3 bilion) over a 10-year period with yield-to-maturity of 4.10 percent (Sukuk Series 2).

In support of TH Rehabilitation and Restructuring Plan, the Government has committed to set aside funding of RM500 million in 2020 and RM1.73 bilion annually from 2021 onward to the SPV for the purpose of the repayment of the Sukuk.

Untuk memberikan fleksibiliti kepada Kerajaan dalam menguruskan aliran tunai, Sukuk tersebut boleh dibayar balik melalui pilihan / kombinasi berikut:

1. Tunai;
2. Pemulangan aset-aset **TH** yang telah dipindahkan; dan
3. Pemindahan aset-aset Kerajaan, termasuk saham syarikat atau hartanah (yang selaras dengan selera risiko **TH**).

In order to provide flexibility to the Government in managing its cash flow, the Sukuk can be repaid through the following options/ combinations:

1. Cash;
2. The return of the transferred **TH** assets; and
3. The transfer of Government assets, including shares of companies or property (which is aligned with **TH** risk appetite).

Terma-terma penting Sukuk adalah seperti dalam jadual di bawah:

TH is also given the First Right of Refusal to take over any assets that have been transferred to the SPV, should the SPV intend to sell those assets in the future. masa hadapan. Balasan untuk pengambilalihan aset-aset ini boleh dilakukan melalui bayaran tunai atau setara tunai. TH hanya akan mengambil alih aset yang boleh dipulihkan dan berdaya maju yang akan menghasilkan jangkaan pulangan yang lebih tinggi daripada sasaran pulangan pelaburan TH.

SELEPAS PEMULIHAN DAN PENSTRUKTURAN SEMULA

Dengan selesainya pelan Pemulihan dan Penstrukturan Semula kewangan ini, TH telah dipulihkan dengan aset berjumlah RM76.5 bilion iaitu melebihi jumlah liabiliti sebanyak RM75.5 bilion pada 31 Disember 2018. TH juga telah mencatatkan keuntungan boleh diagihkan sebanyak RM1.6 bilion bagi tahun kewangan itu. Dengan (i) keuntungan boleh diagihkan yang telah dijana oleh TH dan (ii) jumlah aset TH yang melebihi jumlah liabiliti, TH telah mampu mengisytiharkan pengagihan Hibah sebanyak 1.25 peratus pada tahun 2018, berjumlah RM923 juta, yang patuh sepenuhnya kepada Akta TH.

Namun begitu, walaupun dengan penstrukturan semula kewangan, TH juga perlu mengiktiraf rosot nilai sebanyak RM1.5 bilion dalam Tahun Kewangan 2018, yang sebahagian daripadanya sepatutnya telah diperuntukkan dalam tahun kewangan sebelumnya, bagi memastikan tiada rosot nilai ketara selanjutnya perlu diiktiraf oleh TH di masa akan datang.

be made via cash or cash equivalent payments. TH will only take over recoverable and viable assets that would generate expected return higher than TH's target investment return.

POST REHABILITATION AND RESTRUCTURING

With the completion of the financial Restructuring and Rehabilitation plan, TH has been turned around with total assets standing at RM76.5 billion which is in excess of its total liabilities of RM75.5 billion as at 31 December 2018. TH has also recorded distributable profit for the financial year of RM1.6 billion. With (i) the distributable profit that TH generated and (ii) TH's total assets that were in excess of total liabilities, TH was able to declare Hibah distribution of 1.25 percent for 2018, amounting to RM923 million, which was in full compliance with TH Act.

However, despite the financial restructuring, TH also had to recognise RM1.5 billion impairments in Financial Year 2018, some of which should have been provided in the previous financial year, in order to ensure no further significant impairment has to be recognised by TH in the future.

Hasil daripada penstrukturan semula kewangan ini, aset yang tidak menguntungkan telah diganti dengan Sukuk yang memberi pulangan 4.05 - 4.10 peratus setahun. Langgan Sukuk turut mengukuhkan komposisi aset TH yang selaras dengan rangka kerja peruntukan aset strategik baru TH yang menetapkan TH untuk melabur 55 peratus daripada jumlah pelaburan dalam kelas aset berpendapatan tetap.

Maju ke hadapan, pengurusan pelaburan yang lebih mampan dan berhemat akan dipraktikkan. Ia adalah penting bagi melindungi kepentingan 9.21 juta pendeposit, memastikan kelancaran operasi Haji, kedudukan kewangan yang mampan dan kukuh, serta pengagihan Hibah yang mematuhi Akta TH.

As a result of the financial restructuring, the underperforming assets have been substituted with Sukuk that yield 4.05 - 4.10 percent per annum. The subscription of the Sukuk also strengthened the composition of TH's assets which is in line with TH's new strategic assets allocation framework which prescribes TH to invest 55 percent of the total investments in fixed income asset class.

Moving forward, a more sustainable and prudent investment management will be practiced. This is important in order to protect the interest of 9.21 million depositors, ensure smooth Hajj operations, sustainable and strong financial position, as well as the distribution of Hibah in compliance with the TH Act.

Di sepanjang bulan Januari dan Februari 2018, beberapa siri program anti-rasuah dan integriti dianjurkan di Ibu Pejabat dan Pejabat **TH** Negeri melibatkan semua anggota pelbagai peringkat.

Sebagai sebuah organisasi Islam prihatin, **TH** sentiasa komited melaksanakan program-program Tanggungjawab Sosial Korporat (CSR) bagi membantu golongan sasaran dan masyarakat umum yang memerlukan.

Tanggungan kos haji merupakan salah satu inisiatif CSR terpenting yang dilaksanakan oleh **TH**. Ia selari dengan misi **TH** untuk membantu memudahkan urusan jemaah haji negara ketika menunaikan haji. Ia hanya diberikan kepada Jemaah Haji Muassasah kali pertama menunaikan fardu haji.

Tanggungan ini menampung sebahagian besar kos langsung haji di Tanah Air dan Tanah Suci seperti kos penginapan di Makkah, Madinah, Arafah dan Mina, pengangkutan, makanan dan bayaran wajib lain kepada pihak berkuasa Arab Saudi.

TH juga menyediakan perkhidmatan nilai tambah lain seperti penganjuran kursus-kursus haji seluruh negara, kos ubat-ubatan, khidmat kesihatan, khidmat kewangan, bimbingan ibadat dan sebagainya yang diberikan tanpa kos kepada jemaah haji.

In 2018, **TH** organised several annual programmes in line with **TH**'s vision and mission.

In early February, **TH** announced the 2017 Annual Hibah payment and Hajj Hibah at the rate of 4.50 percent and 1.75 percent respectively, amounting to RM3.3 billion to more than 9 million depositors.

As a caring Islamic organisation, **TH** is always committed in implementing Corporate Social Responsibility (CSR) programmes to help target groups and needy communities.

One of the most important CSR initiatives implemented by **TH** is the hajj financial support. It is aligned with **TH**'s mission in making the affairs of the nation's hajj pilgrims more comfortable while performing hajj. It is only given to first time Muassasah Hajj Pilgrims.

This financial support is to cover the hajj direct costs in both Domestic and the Holy Land, including cost of accommodations in Makkah, Madinah, Arafah and Mina, transportations, meals as well as other compulsory payments to the Saudi authorities.

TH also provides other value-added services such as the hajj courses held nationwide, the cost of medicines, health and financial services, hajj guidance and others which are given for free to the hajj pilgrims.

Di samping tanggungan kos haji, Program Ikhtiar yang dirintis pada tahun 2015 untuk membantu usahawan asnaf telah diteruskan. Program ini disertai seramai 47 orang asnaf dari Johor, Selangor dan Wilayah Persekutuan Kuala Lumpur dengan peruntukan sebanyak RM419,000.

Pada Mei 2018, sebanyak 13 buah rumah di bawah Program Baiti telah diserahkan kepada penerima di negeri Kedah dan Terengganu. Selain itu, **TH** turut membuat penyerahan 20 kenderaan dwi-fungsi Program Mobiliti ke masjid terpilih di 10 buah negeri yang memberi manfaat kepada lebih 100,000 ahli kariah.

Manakala Program Sahabat Korporat terus mendapat sambutan dari institusi-institusi korporat, swasta dan persendirian demi manfaat jemaah haji negara. Sumbangan keseluruhan sebanyak RM6.7 juta telah dikumpulkan pada tahun 2018, hasil penyertaan 24 buah syarikat. Antara barangan keperluan yang ditaja oleh Sahabat Korporat adalah beg sandang, beg beroda, lanyard, tikar solat, botol semburan air wuduk, buku-buku rujukan ibadat dan pelbagai barangan keperluan lain. Selain membantu mengurangkan perbelanjaan bakal haji, barangan-barangan ini memudahkan proses mencari jemaah haji yang tersasar ketika di Tanah Suci kerana ia memberi keseragaman identiti buat Jemaah Haji Malaysia.

Alongside the hajj financial support, the Ikhtiar Programme pioneered in 2015 to provide financial assistance to asnaf entrepreneurs was continued. A total of RM419,000.00 was disbursed, benefiting 47 asnaf from Johor, Selangor and the Federal Territory of Kuala Lumpur.

In May 2018, **TH** handed over houses via Baiti Programme to 13 recipients in the states of Kedah and Terengganu. Apart from Baiti, **TH** had handed over 20 dual-function vehicles to selected mosques in 10 states which benefitted more than 100,000 kariah members under **TH** Mobility Programme.

The Sahabat Korporat Programme continues to receive good feedback from corporates and private institutions as well as individuals for the benefit of the Malaysian hajj pilgrims. In 2018, the overall donation amounting to RM6.7 million was collected from 24 companies. Among the items sponsored by the Sahabat Korporat were sling bags, luggage bags, lanyards, prayer mats, spray bottles for ablution, guidance books and others. Besides helping to reduce the hajj costs for the pilgrims, these items signify the uniformity among the Malaysian Hajj Pilgrims while making it easy to identify pilgrims in the Holy Land.

Pada akhir Jun 2018, **TH** selesai melunaskan pembayaran Zakat sebanyak RM68 juta kepada 14 buah negeri seluruh Malaysia. Pembayaran ini membolehkan pusat-pusat zakat negeri membuat agihan terus kepada asnaf-asnaf yang layak melalui penganjuran program-program bermanfaat untuk golongan tersebut.

Pada separuh akhir tahun 2018, Kursus-kursus Perdana Haji telah dianjurkan oleh **TH** sebagai platform ulang kaji akhir buat para bakal haji. Kursus Perdana Haji menekankan pembelajaran secara praktikal dan berkumpulan. Kursus ini memberi gambaran situasi sebenar di Tanah Suci kepada para bakal haji. Seramai lebih 30,200 bakal-bakal haji mengambil bahagian dalam kursus selama dua hari satu malam ini di negeri masing-masing.

Operasi Haji **TH** Musim 1439H/2018M mencatat sejarah apabila buat julung kalinya Operasi Haji Tanah Air dilaksanakan di Kompleks **TH** Sepang baharu menggantikan Kompleks Haji Kelana Jaya yang telah beroperasi sejak 36 tahun bermula tahun 1402H/1982M. Kompleks **TH** Sepang baharu ini jelas memberi keselesaan kepada bakal-bakal haji dan keluarga yang menghantar mereka kerana ia lebih besar dan dilengkapi infrastruktur moden.

TH telah melaksanakan beberapa penambahbaikan pada Musim Haji 1439H/2018M bagi memastikan keselesaan jemaah haji negara, antaranya Program Pra-perlepasan Imigresen Saudi, pemasangan kipas penyaman di khemah-khemah Arafah, lantai berjubin di khemah Mina dan pengenalan Kempen Kebersihan Perdana Masya'ir, bagi memupuk rasa tanggungjawab dalam memastikan persekitaran khemah sentiasa bersih dan sihat.

TH completed paying the Zakat payments of RM68 million to all 14 states nationwide, in June 2018. These payments allow the State Zakat Centres to make distributions directly to the eligible asnaf by organising beneficial programmes for them.

During the second half of 2018, **TH** organised the Prime Hajj Courses as the final platform for the pilgrims' final preparation. The Prime Hajj Course emphasises on the practical aspect of learning in groups which provides a glimpse of the real situation during hajj to the pilgrims. For this 2 days 1 night course, about 30,200 prospective pilgrims attended the courses held in their respective states.

The 1439H/2018M **TH** Hajj Operations held a record for implementing the Domestic Hajj Operation for the first time at the new Sepang **TH** Complex, replacing the Kelana Jaya Hajj Complex which had been in operation for 36 years since 1402H/1982M. This spacious new complex equipped with modern infrastructure gives more comfort to the pilgrims and their families while sending them off for pilgrimage.

In ensuring the comfort of the Country's hajj pilgrims, **TH** made some enhancements for the 1439H/2018M hajj season, among them were the Pre-clearance Programme by the Saudi Immigration, installation of water coolant in Arafah tents, tiled-flooring in Mina tents and the launch of the Masya'ir Prime Cleanliness Programme in instilling the sense of responsibility to ensure areas surrounding the tents are always clean and hygienic.
